What Policies Are Needed to Advance Native Hawaiian Health?

The Preliminary Findings of the Native Hawaiian Health Task Force

He Huliau
Honolulu, Hawai‘i
October 14, 2016
Hilton Hawaiian Village
Task Force Members

- **Joseph Keawe'aimoku Kaholokula**, PhD, Department of Native Hawaiian Health, John A. Burns School of Medicine, University of Hawai‘i at Mānoa (Co-Chair)
- **Kamana'opono M. Crabbe**, PhD, Office of Hawaiian Affairs (Co-Chair)
- **Lola Irvin** and **Lorrin Kim**, Hawaii State Department of Health (Co-Chair on behalf of the Director of Health)
- **Claire Hughes**, Dr.PH, Association of Hawaiian Civic Clubs
- **Dane Keohelani Silva**, Traditional healer and community leader
- **Diane Paloma**, PhD, Native Hawaiian Health Program, Queen’s Health Systems
- **Emmett Aluli**, MD, Moloka‘i Community Physician
- **Joelene Lono**, Ke Ola Mamo Native Hawaiian Health Care System, O‘ahu
- **Joey Gonsalves**, Hui No Ke Ola Pono Native Hawaiian Health Care System, Maui
- **Kamahana Farrar**, Nā Pu‘uwai Native Hawaiian Health Care System, Moloka‘i
- **Kamaki Kanahele** and **Nālani Benioni**, Sovereign Councils of the Hawaiian Homelands Assembly
- **Keola Chan** and **Miala Leong**, ‘Aha Kāne Native Hawaiian Men's Health
- **Malia Taum-Deenik** and **Keopu Reelitz** (Director’s Designees), Department of Human Services
- **Kūhiō Asam**, MD, Lunalilo Home
- **Maenette Benham**, EdD, Hawai‘inuiākea School of Hawaiian Knowledge, University of Hawai‘i at Mānoa
- **Mahina Paishon-Duarte**, Keiki o Ka ‘Āina New Century Charter School
- **Mary Oneha**, APRN, PhD, Waimānalo Health Center
- **Mervina Cash-Kaeo**, Alu Like, Inc
- **Michelle Hiraishi**, Hui Mālama Ola Nā ’Ōiwi Native Hawaiian Health Care System, Hawai‘i Island
- **Nālei Akina**, Queen Lili‘uokalani Children’s Center
- **Neil Hannahs**, Ho‘okele Strategies and MA'O Farms
- **Puni Kekauoha**, Kula No Na Poe
- **Sean Chun**, Ho‘ōla Lāhui Native Hawaiian Health Care System, Kaua‘i
- **Sharlene Chun-Lum**, Papa Ola Lōkahi
- **Shawn Kana’iaupuni**, PhD, Kamehameha Schools
- **Sheri Ann Daniels**, Papa Ola Lōkahi
Create a task force to formulate policies and procedures to eliminate the disproportionate impact of the social determinants of health and chronic disease on all individuals, with particular focus of Native Hawaiians and other Pacific Peoples.

The task force will focus on the following work:

1. Create data sharing policies between state agencies to improve access to these data for timely and disaggregated analyses to help inform policies and programs aimed at improving Native Hawaiian health;
2. Propose cost-effective improvements to the environments where Native Hawaiians live, learn, work, and play;
3. Propose state legislation to address social and cultural determinants of health in Hawai‘i;
4. Raise awareness and propose programs to advance health equity;
5. Propose programs and legislative action that will address barriers to access to health care;
6. Guide the use of existing collaborations, systems, and partnerships to leverage resources and maximize outcomes;
7. Propose activities that will support community organizations promoting their own health on their own terms; and
8. Propose initiatives that will increase preventive services available in Native Hawaiian communities.
Mohala i ka wai, ka maka o ka pua
Flowers thrive where this is water, as thriving people are found where living conditions are good
Ke Ao 'Ōiwi focuses on our Native Hawaiian cultural spaces, which include our natural resources, our cultural values, practices, and customs, and Rights as Indigenous Peoples that define us as the host and indigenous population here in Hawai'i. It also refers to our ability to exercise our indigenous prerogatives and aspirations and express our cultural identity, without discrimination or prejudice within the larger society of Hawai'i. Ke Ao 'Ōiwi is what makes Hawai'i special and provides the values that binds all the people of Hawai'i to each other.
Ke Ao 'Ōiwi

Nā Pou Kīhi — 'Ekahi

• Standardize new DHHL design to be community centered and multigenerational family friendly
• Right of first refusal for state agricultural lands
• Establish a running list of NH professionals from which the Governor can appoint into positions of leadership
• Develop leadership curriculum/program for those interested in running for office
**Ka Mālama Nohona** focuses on the environments where Native Hawaiians live, work, learn, age, and play. Native Hawaiian values and practices are rooted in the relationships between and amongst people (kānaka), our physical places (ʻĀina), and our spirituality (hoʻomana). They are exemplified through our traditional values and practices that strive for aloha (compassion and kindness), lōkahi (harmony), and mālama ʻāina (caring for our land and natural resources). Native Hawaiians believe that our health and wellbeing are intimately and reciprocally linked to the health and wellbeing of our ʻohana (family, friends, and community) and our ʻāina. Ka Mālama Nohona (caring for the people around us and the places we share) is essential to promoting the health and wellbeing of all people in Hawaiʻi.
Advocate/plan for median strip/sidewalks in NH communities (with community input)

Adopt a community for collective impact

Cultural impact fee (for businesses taking from community without benefit to community)

Inclusion of school-based health centers in high-need communities

Better transition from prison to community and family settings
  - E.g., ensuring they have a Hawai‘i state ID, enrollment in health care and behavioral health services prior to release
Ka Hana Pono focuses on our lifestyle choices and aspirations as Native Hawaiians in striving for optimal health and well-being in ways that are consistent with our shared cultural values and practices. It includes the types of physical activities and foods we enjoy, the health care services we access and receive, and the health promotion opportunities available to us, which must be inclusive of our cultural values and practices. Ka Hana Pono is directly linked to the foci on Ke Ao 'ōiwi and Ka Mālama Nohona. Native Hawaiians can only exercise the healthy lifestyle choices that are afforded them by the larger society and the communities in which they live, work, play, and learn.
• Creation of health care workforce that mirrors population (i.e., 25% are Native Hawaiian)
• Mandate cultural safety trainings for all providers and allied health professionals
• Long-term care options with home based options
• Expand definitions within family leave to include multigenerations and hānai
• Reinstall dental benefits to Medicaid program
• Mandate each state agency to have NH Health Policy (similar to language access policy), enforced by Office of Health Equity.
• Develop legislation to support “community dollars” in insurance plans – allow people to choose where to use exercise dollars (paddling team or hula instead of 24-hour fitness)
• Develop minimum requirements for data collection within Native Hawaiian serving organizations
Ka Wai Ola focuses on achieving social justice through educational achievement and economic success for Native Hawaiians. Native Hawaiians have a long history of valuing learning and the pursuit of knowledge, which are celebrated in our mo'olelo (history) and exemplified in the phenomenal achievements of our kūpuna (ancestors). Economically, our ancestors developed a sophisticated system of resource management that ensured equitable access to the riches of the 'āina (land), wai (fresh water), and kai (ocean) for all. All members of society had a clear and well-defined role that contributed to the welfare of the community. Ka Wai Ola provides the foundation for securing the educational and economic benefits needed for people to flourish.
Ka Wai Ola

Nā Pou Kīhi – 'Ehā

- Net regulations for subsistence vs. commercial fishing
- Improve access and affordability of native foods and plants
- Mandated completion of NH History/colonization training for teachers
- Increase collaboration with HIDOE to increase cultural shift and resign the system
- Uplift Hawaiian-Focused Charter schools education methods (i.e. ‘āina based learning, project-based learning, culture-based education, etc.)
- Inclusion of Pre-K in public schools
- Advocate for increased minimum wage
- Create tax relief program reflecting hānai system- ex: kūpuna who take care of their grandchildren
Ke Kahua

Ke Kahua is the foundation on which a structure, such as a hale (house), stands. Across the previous four Pou Kihi, several common recommendations emerged from the subcommittees that the Task Force determined as vital to establishing a strong foundation in order to advance the recommendations described under each of the four Pou Kihi.
Ke Kahu
Foundational Elements

- Establish a Native Hawaiian Public Policy Committee
- Enforce current policies and membership
- Increase positions within Department of Health’s Office of Health Equity with specific positions for NH Health
- NH leadership program including mentoring component
- Explore options for funding NH Health programs (tourism tax, social impact bonds, language tax)
- Develop an online data bank for all state agencies
- Cultural impact statements
- Health equity community dashboard by ahupuaʻa to include workforce needs, clinics, access to lāʻau, healthy food sources, community programs
Key Action Issues

• Cultural impact fee
• Native Hawaiian Public Policy Committee
• Online databank across agencies
• Restoration of dental benefits for Medicaid
• Rethinking the design of Hawaiian Homestead communities
• List of Native Hawaiian professionals for appointment to boards, committees, etc.
Mahalo nui

- The late Senator Gil Kahele who introduced the Senate Resolution calling for the task force

- Senator Kai Kahele for his support of the task force

- Loretta “Deliana” Fuddy who was a founding member of the task force as the Director of Health and who tragically passed away before the resolution was passed

Task Force Staff:
- Andrea Hermosura, PhD, Department of Native Hawaiian Health
- Deja Ostrowski, JD, Office of Hawaiian Affairs
- Kealoha Fox, MA, Office of Hawaiian Affairs
- Mele Look, MBA, Department of Native Hawaiian Health
- Rebecca Delafield, MPH, Department of Native Hawaiian Health
- Regina Cummings, MBA, Department of Native Hawaiian Health
- Robin Miyamoto, PsyD, Department of Native Hawaiian Health
- Tiffnie Kakalia, Department of Native Hawaiian Health

The Hawai’i Public Health Institute and their personnel:
- Jaylene Murakami
- Jessica Yamauchi, MPH
- Roella Foronda
- Ruth Leau
- Trish La Chica
